

Instructions for completing the ERA enrollment form:

Provider Information

Provider Name - Complete legal name of institution, corporate entity, practice or individual provider

Provider Address/Street - The number and street name where a person or organization can be found

City - City associated with provider address field

State/Province - ISO 3166-2 two-character code associated with the State/Province/Region of the applicable Country

Zip Code/Postal Code - System of postal-zone codes (zip stands for "zone improvement plan") introduced in the U.S. in 1963 to improve mail delivery and exploit electronic reading and sorting capabilities

Provider Identifiers

Provider Federal Tax Identification Number (TIN) or Employer Identification Number (EIN) - A Federal Tax Identification Number, also known as an Employer Identification Number (EIN), is used to identify a business entity

National Provider Identifier (NPI) – A Health Insurance Portability and Accountability Act (HIPAA) Administrative Simplification Standard. The NPI is a unique identification number for covered healthcare providers. Covered healthcare providers and all health plans and healthcare clearinghouses must use the NPIs in the administrative and financial transactions adopted under HIPAA. The NPI is a 10-position, intelligence-free numeric identifier (10-digit number). This means that the numbers do not carry other information about healthcare providers, such as the state in which they live or their medical specialty. The NPI must be used in lieu of legacy provider identifiers in the HIPAA standards transactions

Provider Contact Information

Provider Contact Name - Name of a contact in provider office for handling ERA issues

Telephone Number - Associated with contact person

Email address - An electronic mail address at which the payer might contact the provider

Electronic Remittance Advice Information

Preference for Aggregation of Remittance Data (e.g., Account Number Linkage to Provider Identifier) - Provider preference for grouping (bulking) claim payment remittance advice – must match preference for EFT payment

Provider Tax Identification Number- most commonly used

National Provider Identifier – used when enrolling only a sub-part
